AUTOCAD LEVEL 2 & 3

"INFORMATION TECHNOLOGY SOLUTIONS THAT WORK FOR YOUR BUSINESS"

KiTS

Engineering Training Excellence – delivering Apprenticeships in Engineering and Motor Vehicle

Course Aims

Level 2 Award in 2D Computer Aided Design

This qualification aims to equip candidates with the basic understanding and principles of 2D drawing environment, in terms of hardware, software and physical surroundings. It will explore the typical composition of a CAD system and health and safety matters that are associated with safe working practices.

Level 3 Award in 2D Computer Aided Design

This qualification is intended to cover a wide range of 2D drawing and editing commands and routines to aid the application and modification of the CAD software. The user will become familiar with the necessary techniques required to produce and edit drawings of medium complexity and prepare the drawings for output to hard copy. It is intended that this unit can be delivered within the context of a wide range of design and drawing specialisations. The specialised areas can be used as a vehicle to deliver the performance outcomes, and as such will be reflected in the assessment of this unit. Also it will cover Health and Safety matters that are associated with safe working practices.

Level 3 Award in 3D Computer Aided Design

This qualification is concerned with developing the ability to apply the drafting procedures required to create and modify existing 3D objects, either surfaces or solids at any position within Three Dimensional Space. Also it will cover Health and Safety matters that are associated with safe working practices.

COURSE DETAILS

- Attendance: Part Time — Evenings
- Hours per week: 5.45pm — 8:45pm
- Duration: 25 Weeks
- Qualification: City & Guilds 7689
AutoCAD 2D Level 2
AutoCAD 2D Level 3
AutoCAD 3D Level 3
(Depending on experience)
- Course Fees: £640 + VAT
